Cumberland Lounge Seating
Designed by David Mocarski

Dock Lounge

The Dock Lounge Chair brings a sense of solid comfort to the flexible, mobile environments of the Slide Collection. Sculptural in form, they add visual dimension and invite those who would like to rest, wait, or work.

Specifications
Lounge chair. Fully upholstered seat and back is 3" thick multi-density polyurethane foam over hardwood frame. Oversize nylon glides allow chair to be easily moved when unoccupied. Also available with a self-return swivel mechanism in Satin Stainless Steel.

Options – *Specify:*
Upholstery: COM/COL, Graded Fabric, and Elmo Leather program
Exceptions: Due to the fluid organic curves of this product, fabrics with stripes or large patterns are not recommended, as perfect alignment cannot be achieved. Mohair, velvet, high pile fabrics, and very thick leathers are also not recommended. If in doubt, please have a memo sent to our COM/COL Dept for testing. All leathers naturally stretch with use and seat tautness will vary. Because of this natural stretch, the seat may appear loose and develop comfort wrinkles over time. Our products have been engineered to minimize this effect, but with leathers this is unavoidable and not the fault of manufacturing.
